

Become a Partner—Play the Part!

The mission of the Four Corners Film Office (4CFO) is to help facilitate a positive impact on our local economy. By serving as a liaison and information hub our goal is to increase jobs and income from film, television and digital media production in the Four Corners region.

The 4CFO is part of the Region 9 Economic Development District of Southwest Colorado, and is funded by both public and private partners in the Four Corners Region, including government agencies, tourism entities, private businesses, grants and individuals.

Won't you consider becoming a partner? Your financial contribution to the 4CFO will ensure that our very limited budget is stretched to its potential. We maintain a staff of a part-time coordinator, who manages and coordinates community outreach, responds to production inquires and tracks the economic impact of productions in the area.

You can “play a role” in our local film industry! You can help the 4CFO support the region’s film-friendly legacy, to assist production crews, and to increase the economic benefits of production for our communities.

**4CFO is an Enterprise Zone Contribution Project .
Your donation of \$100 or more allows you a 25% Colorado State tax credit.**
